

White Or Yellow Road Marking Paint Thermoplastic Line Marking Paint

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: WAGE
- Certification: EMS OHSMS
- Model Number: HG PT
- Minimum Order Quantity: 1 ton
- Price: FOB 650usd per ton
- Packaging Details: 25kg per bag. 40 bags per ton
- Delivery Time: 3 to 7 work days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50 ton per week

Product Specification

- Type: Thermoplastic
- Color: White Or Yellow
- Packing: 25kg
- Glass Bead: 20% Or 25% Or 30%
- Application Temperature: 5-35°C
- Color: White/Yellow/Red/Blue/Green
- Coverage: 8-10 M2/L
- Dilution: 10-20%
- Drying Time: 2-4 Hours
- Durability: 3-5 Years
- Gloss: High/Medium/Low
- Packaging: 1L/5L/20L/200L
- Product Name: Road Marking Paint
- Shelf Life: 12 Months
- Specific Gravity: 1.2-1.4

Thermoplastic road marking paint

Excellent performance and internal quality

We choose the famous petroleum resin as the base material ,Top3 of titanium dioxide or chrome yellow pigment in the whole world, international famous brand additive as auxiliary materials, coating type of high refractive index glass beads as reflective materials,top international manufacturing and testing facilities,all of which is the basic guarantee for making top adhesive , reflective, stable line marking paint.

Excellent anti-cracking resistance and weather resistance

Through adding high-temperature resistant lipids, functional body pigments and high-weather resistant auxiliary materials to the marking paint, the researchers utterly solved the micro-crack weakness during use.Meanwhile,high-grade resin,rutile titanium dioxide,high-temperature resistant filmed chrome yellow,UV protection additives and raw materials with excellent photo thermal stability are matching together to make sure the marking line retains its original color and luster for a long time even in some sunny area.

Excellent line marking application performance

It contains anti-skid material inside,which make it have good anti-skid performance on the premise of staying good leveling marking paint.According to different construction conditions, such as temperature, humidity and roadbed conditions, we provide coatings in different formulations to guarantee excellent drying speed and anti-pollution performance.
