

Mini Driving Thermoplastic Road Line Marking Truck- Extrution Version

Basic Information

- Place of Origin: China
- Brand Name: WAGE
- Certification: EMS OHSMS
- Model Number: HG-J200
- Minimum Order Quantity: 1 set
- Price: 36000- 40000 USD/ set
- Packaging Details: Composite board
- Delivery Time: 4 to 8weeks
- Payment Terms: T/T,Western Union,MoneyGram,L/C
- Supply Ability: 2 sets per week

Product Specification

- Work Mode: Passanger Driving,
- Version: Thermoplastic
- Marking Speed: 1.8-3KM/h
- Marking Thickness: 1.2-3.0mm
- Paint Tank Capacity: 200kg
- Product Name: Thermoplastic Road Marking Truck
- Marking Mode: Screeding, Extrution, Convex
- Highlight: **Mini Road Line Marking Truck,
Mini Driving Road Line Marking Truck,
Extrution Version Road Line Marking Truck**

Product Description

Mini Passenger Driving Thermoplastic Road Marking Truck Tricycle

Product Description

It's a small size professional equipment for thermoplastic road marking construction, which is a revolutionary upgrade from traditional work way to automation. Using gasoline engine, hydraulic drive and mixing; Thermal oil heating ensures the stability of thermoplastic paint; Cruise control ensures consistency in coating thickness, the control system can switches between virtual and real lines; The independent dual wheels ensure balance while turning flexibly and easily controllable. Can work with screeding, extrusion or convex line, and can simultaneously complete marking arrows and letters.

Parameters

型号 model	HG-J200
方式 Marking mode	刮, 震 Screeding, Extrusion, Convex
引擎 Engine	25HP 汽油 机 25HP Gasoline
Driver	液, 无 速 Hydraulic drive, CVT
气 系 Pneumatic system	双缸 机, 静音安全 2-cylinder compressor, silent safety valve
撒播系 Dispenser	气, 双撒 Pneumatic, Double Spray
向 Steering gear	独立 向机 / Independent steering
加 系 Heating system	油 / Conduction oil
行 速度 Moving speed	1.8-3Km/h
料桶容量 Paint tank capacity	200KG
燃料 Fuel	LPG
度 Shoe size	120,150,180,200,300,400mm
尺寸 Size (L*W*H)	2100X1800X1400mm
重量 N.weight	650KG
